

# Fly Tipping (7-9)

## Environmental Crime

### Activity 3 – Fly Tipping Discussion (Video 2)

**Remember:** Fly-tipping is putting rubbish or waste anywhere where it does not belong.  
Fly tipping can range from one black bag to a lorry load of items.

**Points for discussion:**

1. Where should the driver take her waste?
2. Where do your parents/carers/guardians take their waste?
3. Do you know where your nearest refuse and recycling site is?
4. Who/what could be affected by people dumping rubbish?
5. Who would clear up after a fly tip?
6. Have you ever seen rubbish that has been fly tipped? How did it make you feel?
