

Teachers Resources - Sustainability – Transport – Answers and suggestions

Age 7-9 Group Activity 1 How do classmates and teachers travel to school?

Complete the tally chart on the template with the number of people that use each type of transport.

Age 7-9 Group activity 2 - Show your findings

There is a choice of templates for the children to do their chart, alternatively they could use an excel spreadsheet and complete a graph then attach to the template.

Age 7-9 Activity 3 Travel Poster

The poster should be clear, colourful and imaginative and make people think about how they travel to school / work and what methods are the most eco-friendly i.e. walking, car sharing etc
